### 9. WARRANTY AND INSPECTION OF LOTS

- (i) The Auctioneers' knowledge of the Lots is dependent on the information provided by the Seller who has warranted as to its accuracy. The Auctioneer does not carry out exhaustive due diligence on each Lot. Bidders acknowledge these points and accept responsibility for carrying out inspections and investigations to satisfy themselves as to the Lots in which they may be interested.

(ii) It will be for Bidders to satisfy themselves as to health and safety matters. Bidders including the Buyer acknowledge that Lots have generally been used and many are of an age and type which means that they are not in perfect condition. As such they may not comply with current health and safety legislation and may have faults not expressly referred to in the catalogue or the other information that may be available on individual Lots from the Auctioneers.

(iv) The Buyer must satisfy himself prior to bidding for a Lot as to its condition and should exercise and rely on his own judgement as to whether the Lot accords with its description. Unless otherwise stated no warranty is given by the Auctioneers to the Buyer in respect of any Lot and any express or implied conditions or warranties are excluded to the fullest extent permitted by law. It is the Buyer's responsibility to check the Lot and ensure that its subsequent use is compliant and that identified health and safety concerns are rectified.

(v) If a Lot is described at the time of the Sale as in "working order" that Lot is understood to have no defect which renders it incapable of the reasonable work for which it is intended.

(vi) A Lot including any electrical item will have been inspected by an electrician. For those items which have not been inspected the plug will be removed and sold as scrap. Where electrical equipment is sold without specific instructions for its use it is the responsibility of the Buyer to seek independent advice as to its safe operation. The Auctioneers shall have no liability for the safe operation of the item by the Buyer.

The Auctioneers accept no responsibility in connection with the commissioning of their staff to bid for a Lot.

(iii) The Auctioneers may at their discretion make arrangements to receive bids over the telephone or otherwise from prospective Buyers not physically present at the Sale. Where such a facility is offered prospective Buyers wishing to use it must register with the Auctioneers in advance of the Sale.
